

EVERBLOCK® MODULAR SOLUTION

Separate space with a modular system that's as fun as it is functional. Our EverBlock wall kits are flexible enough to fit almost any commercial, educational or residential space—and so easy to assemble even young kids can use them.

HOW THE EVERBLOCK® SOLUTION WORKS

Opt for a pre-configured EverBlock wall kit, or work with a Versare product specialist to design your project—if you can dream it, we can design it! Structures are constructed to be stable and self-supporting, and require no permitting. Suitable for indoor and outdoor use.

- **FLEXIBLE.** Modular, lightweight construction and easy-to-reconfigure design lets you move or add on to structures as your requirements change.
- **FUN.** Mix and match 16 colors to add some whimsy to your design—or opt for a custom color to match your brand or environment.
- **EASY TO INSTALL.** Toolless assembly requires only minimal skill (and no permit.)
- **CLEANABLE.** Blocks are easy to clean with a mild soap and a non-abrasive cloth or sponge.
