

# HUSH PANEL

Configurable Cubicle Partition

### CREATIVE CONTROL

Take total control of your arrangement! Choose the desired number of panels and posts, then get creative with your situation and layout.

### MADE IN THE USA

Each panel is hand-built to your customizations and shipped directly from our Minneapolis headquarters, ensuring quick turnaround.

### BUILD AS YOU GROW

Infinitely add panels as your organization expands. This configurable system can be endlessly upgraded to accommodate your growing business.

### ACOUSTICALLY SUPERIOR

Ultra-thick 2" acoustical panels offer enhanced sound-dampening capabilities thanks to a fiberglass core construction.

### EASY INTEGRATION

The lightweight, durable panels and posts require no tools for assembly. Simply slide the posts and panels together for painless integration into your environment.

### GUARANTEED CRAFTSMANSHIP

Hush Panels are built to last. We stand by our partitions and offer a 3-Year Warranty with optional extension options.

# VERSARE

# THE SOLUTION IS SIMPLE.

Create workspaces quickly and easily with the Hush Panel system. This innovative cubicle partition system offers endless arrangement possibilities at an affordable price point. Simply slide the posts, panels, and optional windows together to create individual or group work stations — no tools are required, and arrangements can easily be expanded to grow along with your organization!

Our stylish, 2" thick partition panels are both durable and lightweight. An attractive, anodized aluminum frame and post construction will provide a modern look to your work environment. Choose from over 20 sound-dampening fabric colors, or go for a unique look with woodgrain laminate panel options. We're certain the Hush Panel will be the solution to your space-dividing problems.
