

# STRAIGHTWALL

## STRAIGHT TO THE POINT

Our unique telescoping hinges keep this partition's panels in a straight line at all times, regardless of length. Units may be linked to create sliding doors.

## COMPLETELY CUSTOMIZABLE

We build according to your specifications and offer a variety of heights, widths, colors, and panel materials to perfectly fit your situation.

## SAFER, STURDIER BUILD QUALITY

Aircraft aluminum frames, low profile casters, and full-sized end panels provide greater support than outdated steel dividers on the market.

## MADE IN THE USA

Our premium room dividers are hand-built to your customizations and shipped directly from our Minneapolis headquarters, ensuring quick turnaround.

## ACOUSTICALLY SUPERIOR

Dampen room noise while dividing space. Our acoustical fabric panels offer enhanced sound control thanks to a fiberglass core construction.

## GUARANTEED CRAFTSMANSHIP

We guarantee you won't find a better-built room divider. We stand by our premium partitions and offer a 3-Year Warranty with optional extension options.

# VERSARE

**SPACE-SAVING...SIMPLIFIED.**

Everyone appreciates a straight shooter. Maybe that's the reason the StraightWall is one of our most popular partitions. Featuring unique, telescoping hinges, this room divider maintains a perfectly straight line regardless of length. The smooth, sturdy hinge movement provides an ease of use not found on any other partition.

The StraightWall's lightweight, aircraft aluminum frame stands apart from heavy, wobbly steel dividers found elsewhere on the market. Low-profile casters and full-sized end panels provide superior stability and safety than spring-loaded wheels and awkward railings found on rivals' partitions. We take pride in our engineering and are confident we offer a superior build quality at a lower price.

Customize the StraightWall to seamlessly integrate with your environment! Choose from over 20 unique colors in pushpin-accepting acoustical fabric to dampen sound and control acoustics. Want a really unique look that can be quickly spray-cleaned? Our polycarbonate plastic panels are available in several colors and translucencies, while our woodgrain laminate options will add a touch of class to any location.
