Quick-Wall Folding

Assembly Instructions

Hardware included:

Feet

Bolts

Washers

Nuts

Screws

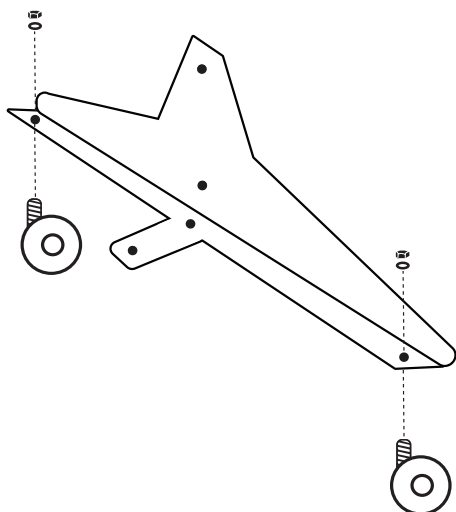

Wheels

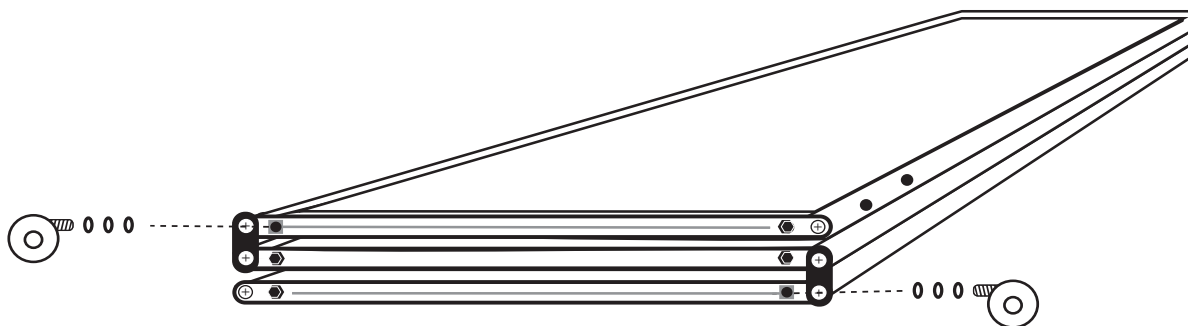

Button
Screws

1.

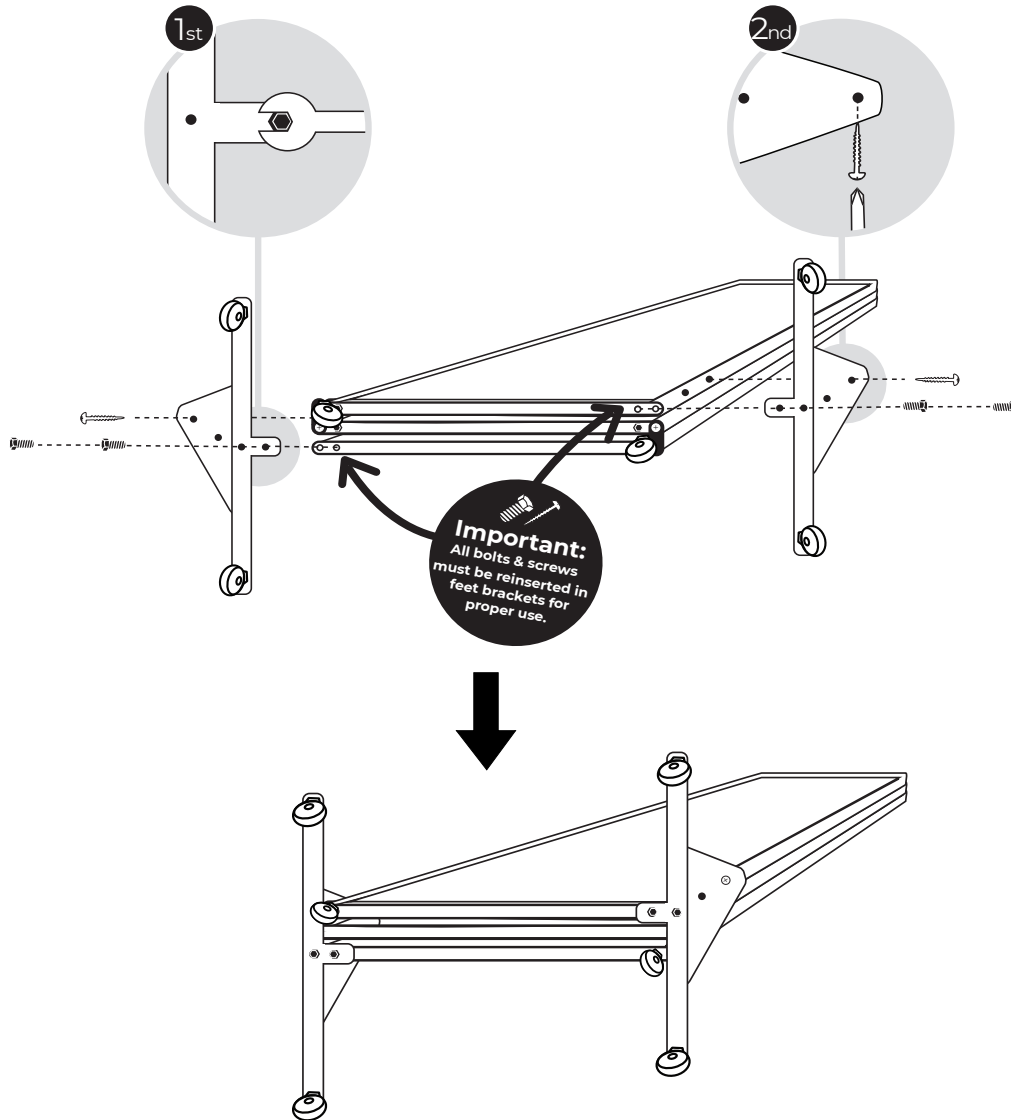

If wheels are desired, screw two wheels onto each foot with one washer and one nut per wheel. If not using wheels skip to step 4.

2.

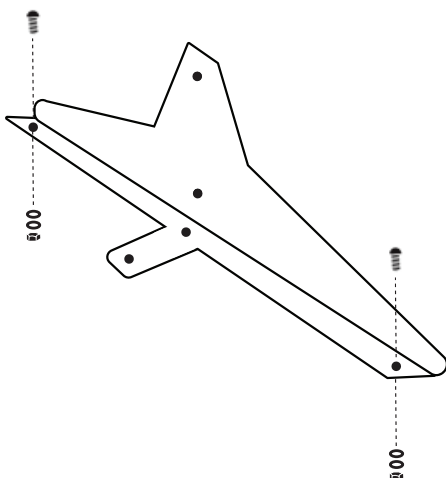

To attach wheel to panel, locate square nut in bottom track of outer panel and slide to outer edge. Add three washers to wheel threading and screw into square nut. Repeat for remaining wheels.

3.

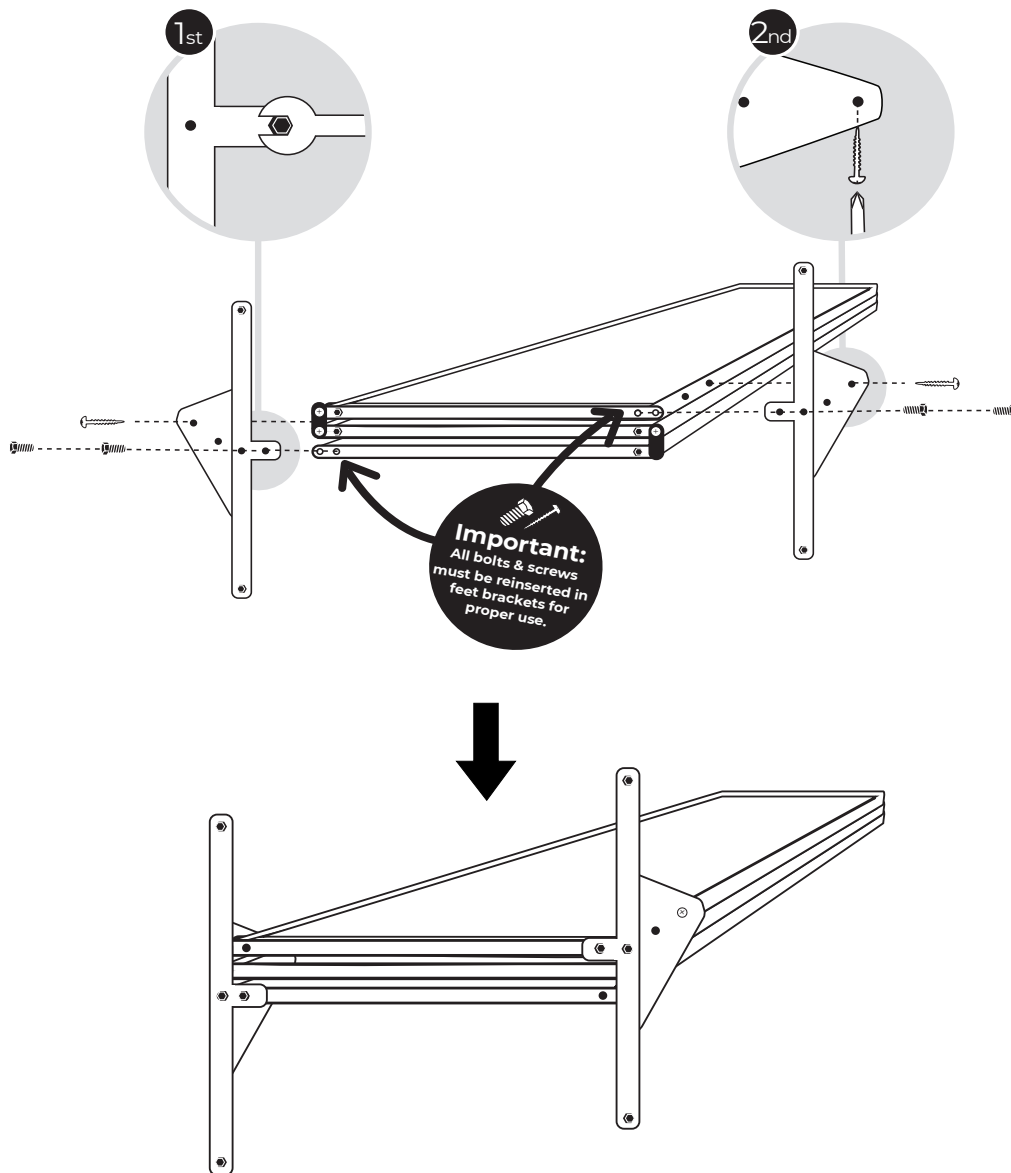

Remove two bolts from outside, bottom edge of each outer panel and one screw from the side of each outer panel. Then attach foot base with **bolts first**, screws second. Repeat for other side. Assembly complete.

4.

If not using wheels, insert button head screw down into foot end and secure with two washers and a nut. Repeat for other side of foot. Repeat for second foot.

5.

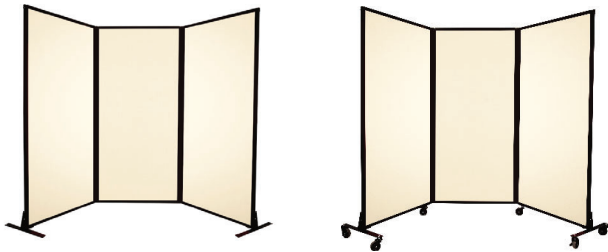

Remove two bolts from outside, bottom edge of each outer panel and one screw from the side of each outer panel. Then attach foot base with **bolts first**, screws second. Repeat for other side.

Assembly complete!
We hope you enjoy your new Quick-Wall Folding!

Wall Mount Bracket Set

Assembly Instructions

Hardware included:

Brackets

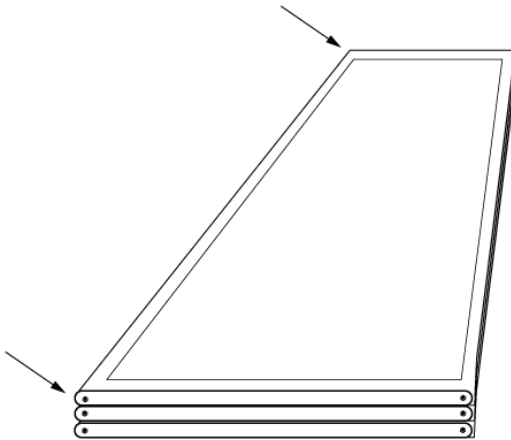

Bolts

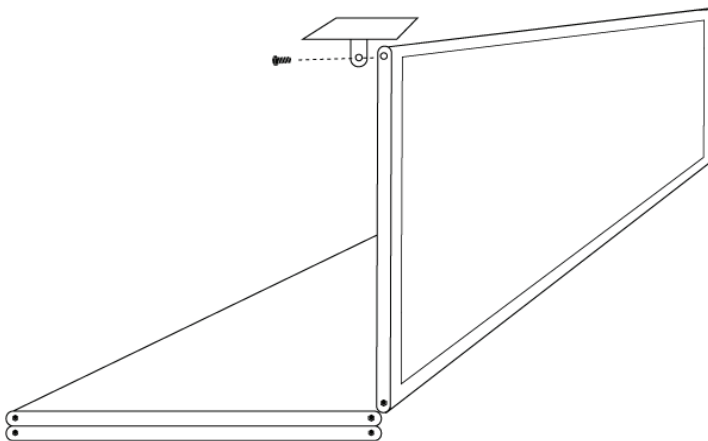

Screws

1.

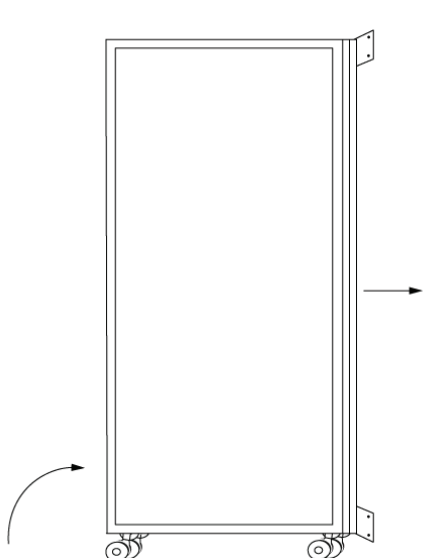

Gently place partition on its side. Remove any bolts from top and bottom of the end of the panel.

2.

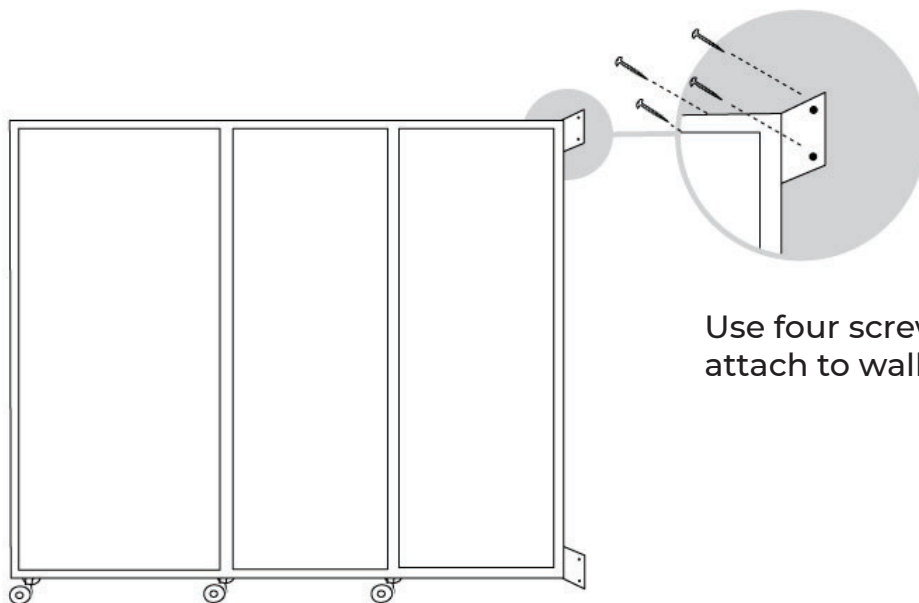

Once bolts are removed, attach brackets to corners with two bolts included with bracket kit.

3.

Find and mark stud in wall to anchor wall plates to. Lock wheels and carefully lift panels into place next to wall.

4.

Use four screws per wall plate to attach to wall.*

Helpful Tips:

* Use two people for installation. One to hold panels flush to the wall and one to attach brackets to the wall.

Assembly complete!
