QUICK SEPARATION FOR BUSY SPACES

Creating an instant partition wall is a breeze with our easily cleanable polycarbonate Health Protection collection. With the unprecedented demand for enhanced separation between individuals, we've developed a solution for businesses to help maintain social distance as they continue to serve their customers. These reasonably priced room dividers include top-of-the-line features such as lightweight aluminum frame construction, translucent panels to let light through and a 3-year warranty. Each aluminum panel frame is joined through a unique cast aluminum corner joint providing superior strength and durability. These dividers are perfect for pharmacies, hospitals & clinics and reception areas as well as grocery and convenience stores.
