VersiFold & VersiPanel Specifications

VersiFold

SKU	Colors	Width	Height	Thickness	Weight
1723002 1723003 1723004	Gray Blue Black	8' Open 24" Folded	78"	2.25"	36 lbs

VersiPanel

SKU	Colors	Width	Height	Thickness	Weight
1724002 1724003 1724004	Gray Blue Black	8' Open 17" Coiled	78"	2.25"	57 lbs

VersiFoot

SKU	Colors	Width	Height	Thickness	Weight
1726000	Black	18'	12.5"	1.5"	2 lbs

Core Material

VersiFold and VersiPanel are made of LDPE (low density polyethylene) foam core. LDPE is a durable, lightweight, flexible, solid extruded plank. It also offers excellent strength, resistance to creep under load, vibration and shock absorbency, and water resistance. In addition to being shock absorbent, it is also resistant to vibration and compression, impervious to most chemicals, non-abrasive and can withstand exposure to extreme UV radiation and ozone. Polyethylene foam is able to maintain all of these properties regardless of the temperature, making it very consistent and predictable.
