SARE

CREATE THE SPACE YOU **NEED** IN THE SPACE YOU **HAVE**TM

Spaces should evolve as fast as the people who use them. Our room dividers, partition walls, and configurable cubicles are designed for flexibility, affordability, and ease—assembling quickly and adapting effortlessly as teams, workflows, and needs change.

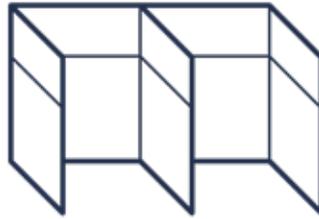

**FLEX
WITH
INTENT**

EASY TO CLEAN

Clean with water, mild soap, and a non-abrasive cloth or sponge.

INSTANT OFFICE SPACE

Create a functional workspace in minutes.

FLAME-RESISTANT

Flame-resistant materials suited for demanding environments, including industrial settings.

WALL-MOUNTED

Wall-mounting adds stability to dividers and enhances select acoustic panels.

25 YEARS EXPERIENCE

Providing flexible space solutions for over two decades.

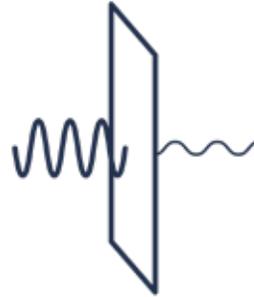

CUSTOM PRINT OPTION

Personalize panels with custom graphics or branded messaging.

PORTABILITY

Easily move dividers around your space with ease.

ACOUSTIC PROPERTIES

Reduce ambient noise with sound-dampening panel options.

TOOL-FREE ASSEMBLY

Easy to assemble and disassemble—no specialized training or extra tools required.

INDOOR/OUTDOOR

Multiple material options for indoor and outdoor use.

LIGHTWEIGHT

Lightweight by design, making reconfiguration and mobility easy.

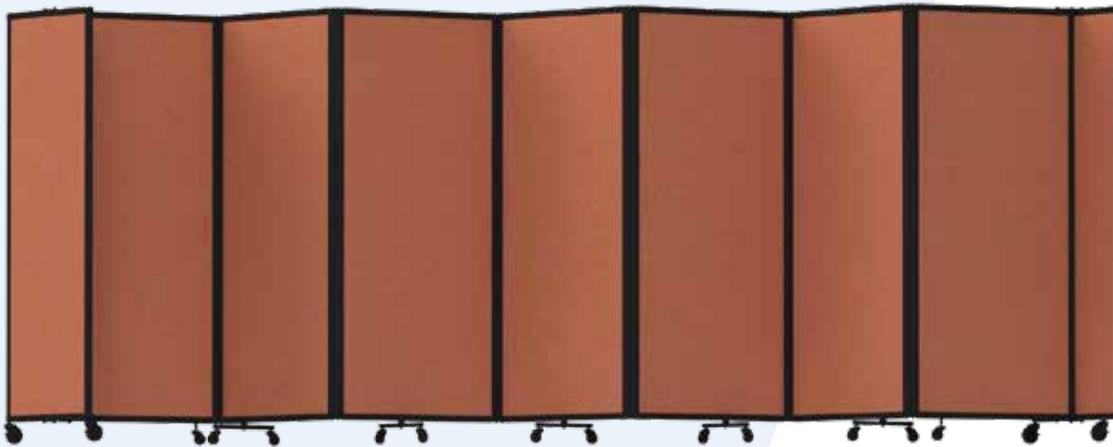

ASSEMBLED IN USA

Built with domestic and globally sourced materials.

CLASSIC ROOM DIVIDERS

HEIGHTS: 4'0" | 5'0" | 6'0" | 6'10" | 7'6"

WIDTHS: 8'6" | 14'0" | 19'6" | 25'0"

ROOM DIVIDER 360®

Create privacy, reduce noise, and reimagine your space—instantly. The Room Divider 360® is our most popular partition, built to transform open areas into functional, private spaces on demand. What sets this portable room divider apart is its patented 360-degree hinge, which allows each panel to rotate in a full circle. From classrooms and offices to training centers, religious facilities, and event halls, its versatile design adapts to spaces of all sizes, making it the go-to solution for a wide range of environments.

Wall-Mounted Option

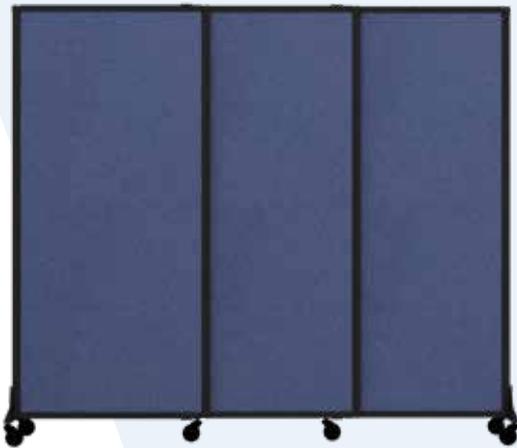

CLASSIC ROOM DIVIDERS

HEIGHTS: 5'10" | 6'8" | 7'4"

WIDTH: 7'0"

AVAILABLE IN WALL-MOUNTED

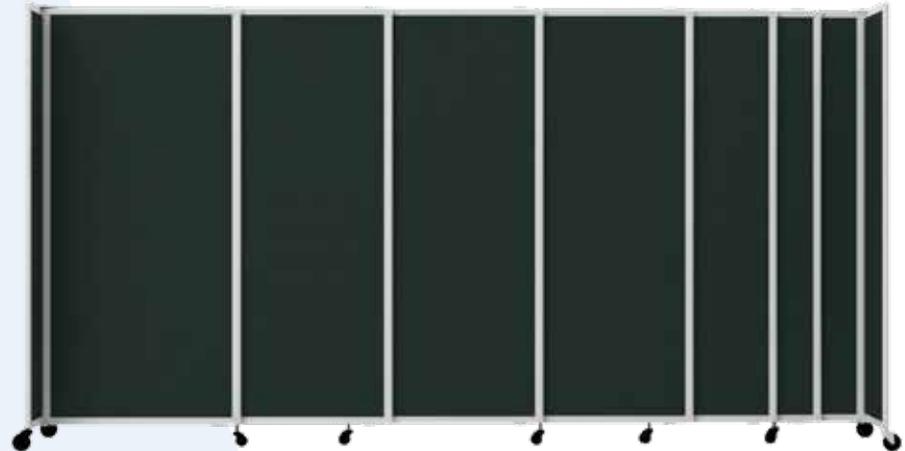

QUICKWALL™ SLIDING & FOLDING

The QuickWall™ Sliding Portable Partition panels glide open and closed in a telescoping design, forming a straight wall at your desired width. The QuickWall™ Folding Portable Partition features patented 360-degree hinges, allowing a full range of motion and flexible configurations. Choose between a wheeled, portable option or a wall-mounted, stationary installation.

HEIGHTS: 4'0" | 5'0" | 6'0" | 6'10" | 7'6"

WIDTHS: 7'2" | 11'3" | 15'6" | 19'9"

AVAILABLE IN WALL-MOUNTED

STRAIGHTWALL™

Create instant division with walls that move effortlessly into place. Available in portable or wall-mounted designs, StraightWall™ sliding partitions use a precision sliding hinge to keep panels perfectly aligned—delivering clean lines and seamless separation, whether temporary or semi-permanent.

CLASSIC ROOM DIVIDERS

HEIGHTS: 8'5¼" | 10'¾" | 12'3"

WIDTHS: 7'11" | 11'9" | 15'7" | 19'6"

BOTH OPTIONS AVAILABLE IN WALL-MOUNTED

OPERABLE WALL™ SLIDING

The Operable Wall™ Sliding Room Divider moves smoothly along a guided track, opening and closing in a telescoping motion. Designed to create a clean, continuous wall, it delivers order, privacy, and a refined presence in active environments.

OPERABLE WALL™ FOLDING

The Operable Wall™ Folding Room Divider extends easily from the wall to create quieter, more functional zones, then folds away when the space opens back up. Ideal for large rooms without overhead track systems, it offers flexible coverage without permanent construction.

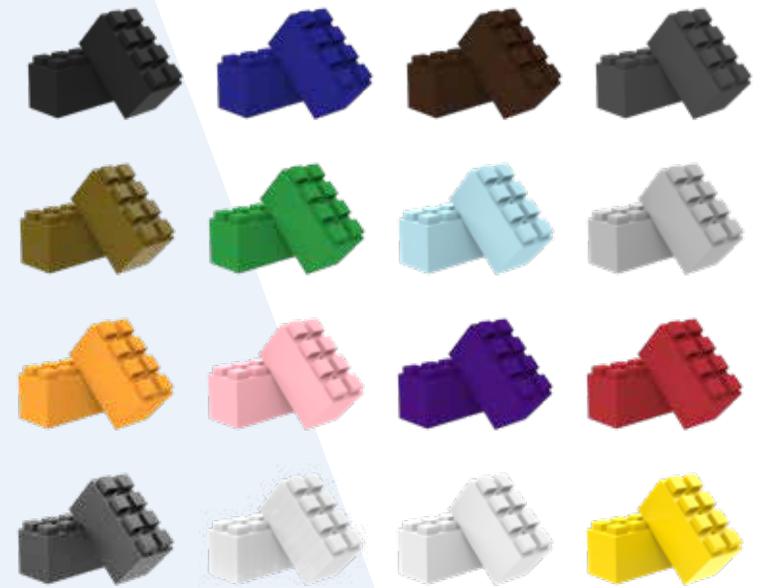

THE QUALITY IS ***EXCELLENT*** AND
IT LOOKS VERY ***PROFESSIONAL***.

WALL-MOUNTED ACOUSTIC PANELS

SOUNDSORB™

Refine the sound and the look of your space with SoundSorb™ acoustic panels. Designed to quiet distractions and enhance clarity, these lightweight panels install and integrate seamlessly into modern interiors. Made from recycled PET materials and engineered for durability, they deliver dependable acoustic performance with an NRC rating of up to 0.77—bringing balance, comfort, and calm to spaces ranging from offices and schools to home theaters and studios.

ACOUSTIC PARTITIONS

VERSIPANEL™

The VersiPanel™ Acoustical Partition Wall defines space and softens sound using acoustic-ribbed fabric and a dense foam core for effective sound absorption, with an NRC rating of up to 0.77. Arrange panels in S, C, or L configurations, or link multiple panels to create a refined acoustic backdrop. When not in use, it rolls away easily.

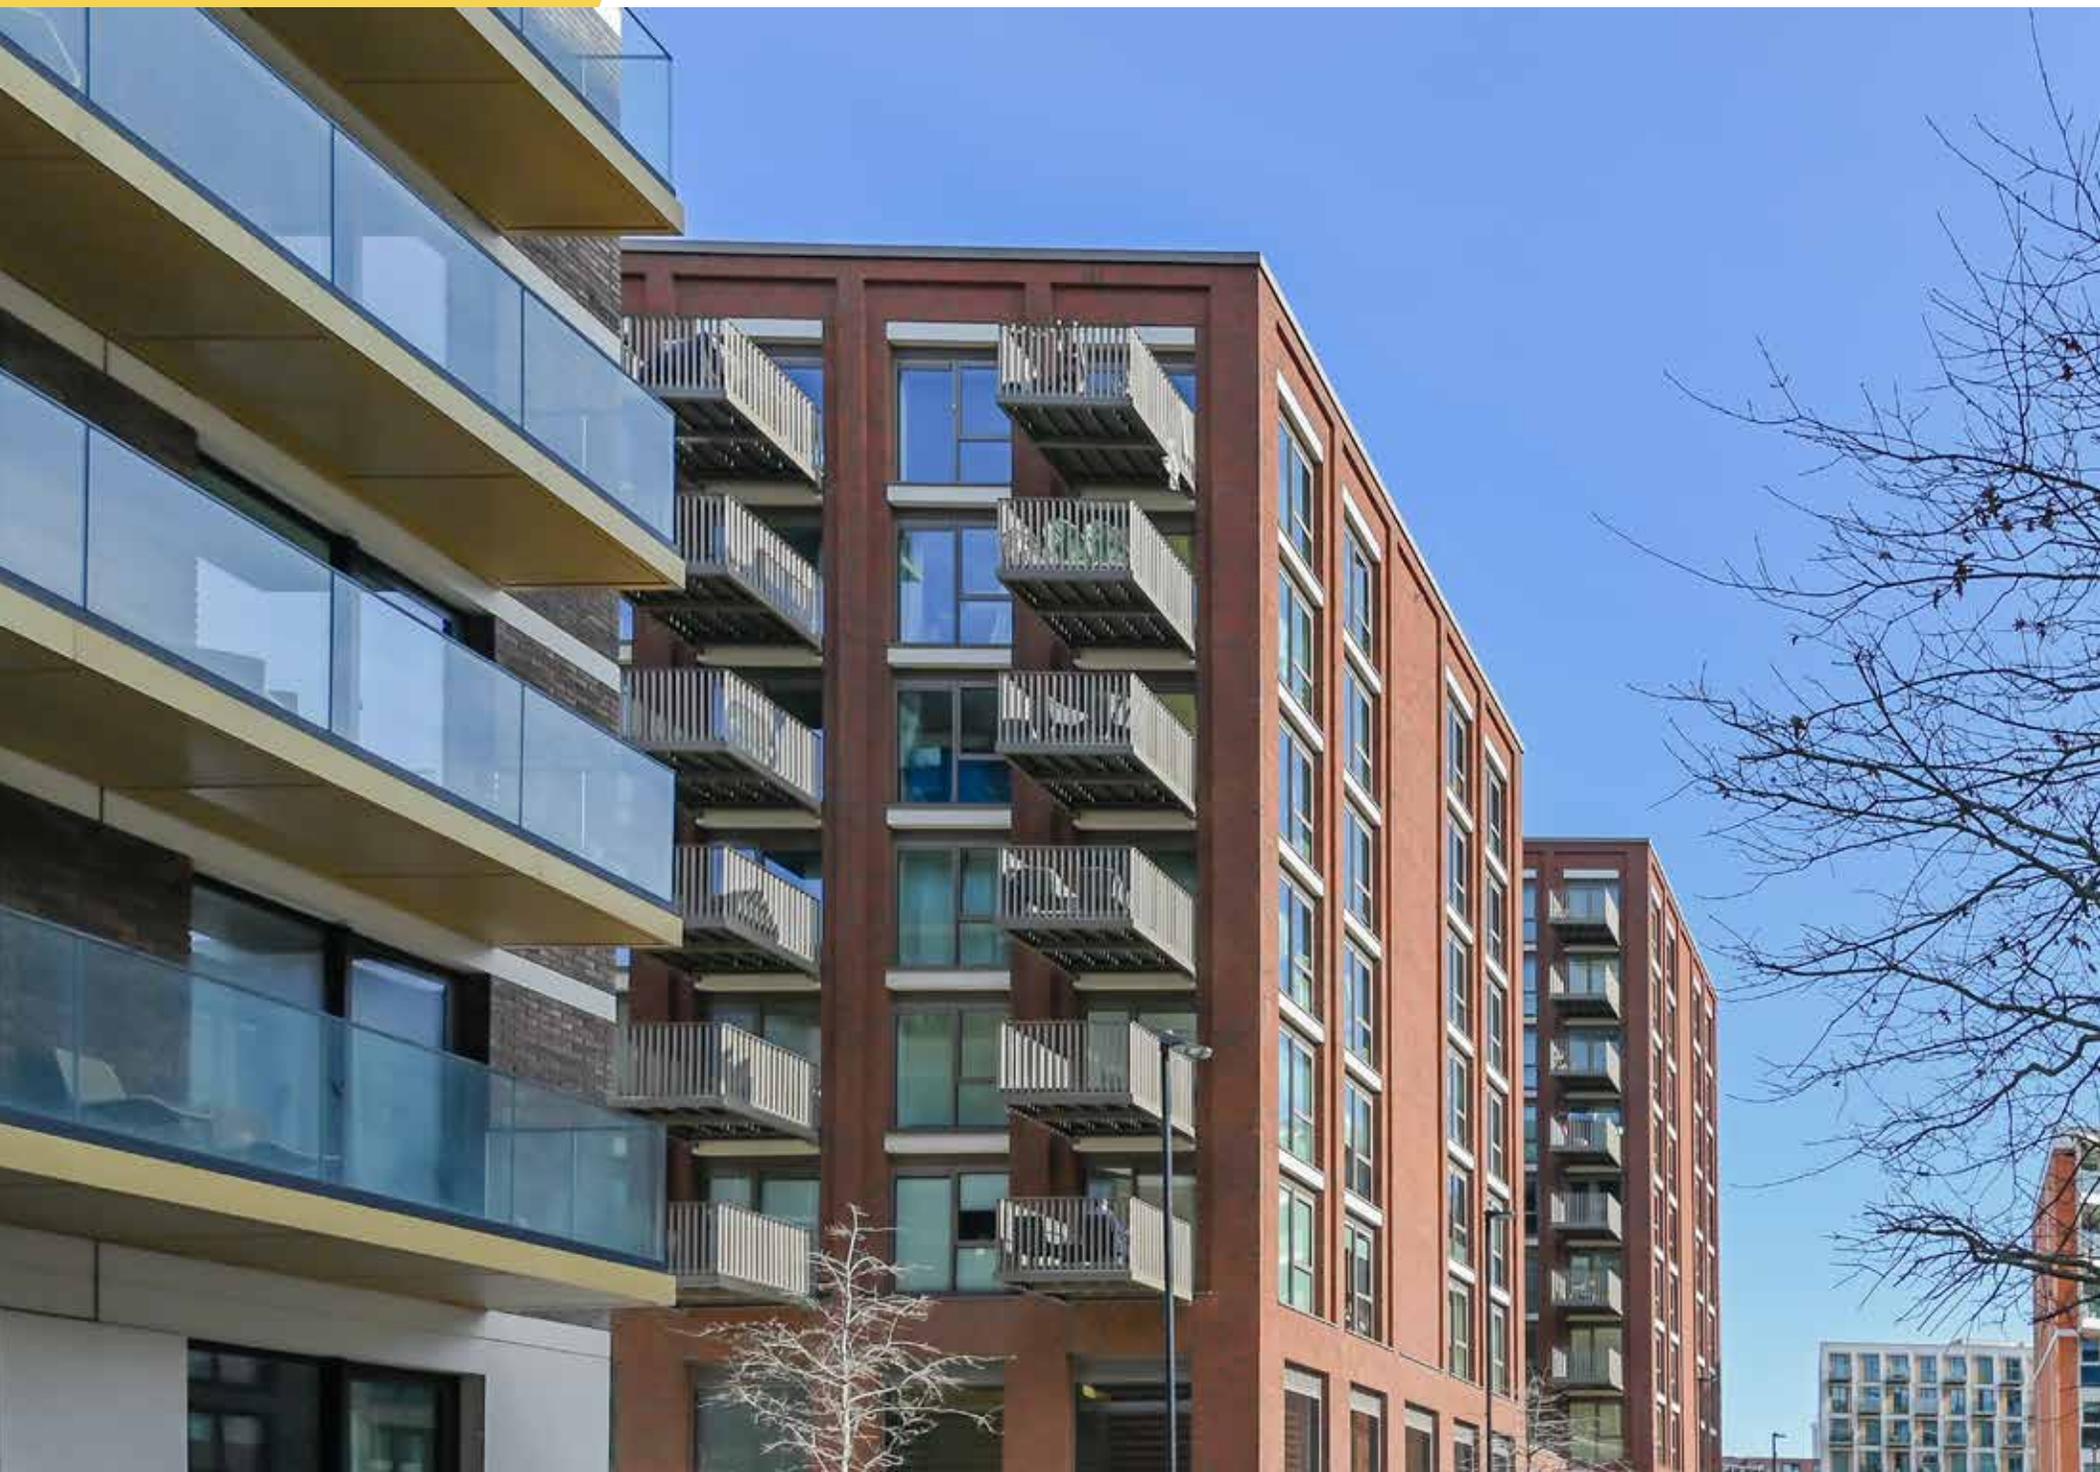

VERSIFOLD™

The VersiFold™ Acoustical Room Divider features acoustic-ribbed fabric over a dense foam core for effective sound absorption with an NRC up to 0.77. Panels connect magnetically to create L- or C-shaped layouts and extended coverage. It folds away easily when not in use.
