## HOW HUSH PANELS™ WORK

Design your perfect workspace in just a few simple steps. Select your preferred number of panels, posts, and optional windows — then slide them into place to create cubicle walls or privacy dividers in minutes. Customize your layout to match your space and style needs.

- **FLEXIBLE.** Lightweight, portable, and designed to adapt as your needs change.
- **DURABLE.** Strong aluminum construction with reinforced end panels for extra stability.
- **EFFORTLESS INSTALLATION.** No tools, no permits, no stress.

Need cable management? Add the electric channel option to keep wiring clean and contained.
